Solutions

INTEGRATION • FUNCTIONALITY • DURABILITY

WELCOME TO A NEW LEVEL
IN SOPHISTICATED MARINE ELECTRONICS

VEI provides the answers you've been searching for!

For over 18 years VEI'S mission has been -
...to provide computers, displays and navigation solutions for the marine industry and its clients. We serve our customers with integrity, always anticipating their ever changing needs without ever compromising the quality of our products.

With that in mind, VEI aims to provide the necessary navigation solutions needed to make your boating experience a fun and effortless one; not only for you but your crew and guests as well.

Please take a look at the wide array of products we recommend. Our returning customer will confirm the ease and durability which they attribute to our products. We continue to highlight this aspect in all we design and manufacture in Ft. Lauderdale, Florida.

Any of these products can be integrated into your current system or allow us to modify, reconfigure or design exactly what you desire to ensure a relaxed, safe and hassle free boating experience.

NAVIGATING CAN BE EASY — BOATING SHOULD BE ENJOYABLE
VEI MAKES IT HAPPEN

VEI-DISPLAY & COMPUTER SYSTEMS

SSIR - SIMPLE • CENTRAL • PRACTICAL

So simple you'll wonder how you ever cruised with out it...

One central control that can select **any** system for **any** monitor for **any** location from **anywhere** on your boat! Simply plug in the SSIR and immediately begin controlling everything with the easy push of a button. Work your navigation, cameras, sounders, GPS, internet, t.v, radio and video!

Had you wondered how they would all function cohesively together? Now they can and it's right at your fingertips.

E-server:

Let us connect you to the internet using any system on your boat! We provide a low cost email service for you and your guests. Eliminate high costs without denying anyone their mail or connection to the outside world!

**SASSY:
Security and Surveillance
Systems for Yachts**

A simple way to view your boat running at all times through your computer network. Captain in the engine room, kids on the stern, you're at your helm? Wherever you already have computer you can look at what's going on and control the camera. At home in Chicago? Boat in Key West? Have a look. Ensure all systems are go...an easy and safe way to keep an eye on things from anyplace, anytime.

On Board Monitoring System:

This innovative system brings all your board instrumentation together in one place. Monitor all boat systems at once.

IIS: Integrated Instrument System

Wind, depth, speed, heading, air/water temperature, SOG, SOW, COW, COB - IIS provides you with all that data on one screen. Simple, clean, easy.

Additional VEI Products and Services:

Waypoint – The whole navigation solution in one package - it's one of a kind! This system includes the computer, navigation software, dedicated keypad, a touch screen and a GPS. A stand alone system unlike any in the boating industry

Waypoint JG – Complete, easy to use, navigation solution in a box. A 2 display solution.

Video Switchbox – integrate 8 different inputs into 1 monitor

Waterproof mouse – get it wet!

Dedicated keypad – a combination mouse & buttons all dedicated to the most commonly used functions of the software

Consulting Services: We provide manpower on an hourly basis for any of our products and their integration into your system.

RELIABILITY:

The US Navy has used our equipment for 4 years in all imaginable conditions without failure. With a proven track record of 18 years we continue to invent and manufacture state of the art systems at our plant in Ft. Lauderdale, Florida.

COST EFFECTIVE:

Products for every budget, many with a two year limited warranty. Our products are "marinized", built to resist shock, vibration, corrosion, moisture and salt.

**CUSTOM,
CUSTOM, CUSTOM:**

We are the innovators in the marine electronics industry.

If we haven't invented it yet, we will.

Want to match your monitor bezel to your helm? We can do that. Flush mount installation on the helm, rear mount on the bridge? We can do that. Keep an eye on your boat from the comfort of your home, we help you do that too...
